Bessancourt, on the 02<sup>nd</sup> of December 2024.

**Dear Madam Vice President,**

We, municipal councilors of the opposition in the city of Bessancourt, located in the Val d'Oise, north of Paris (France). We are following up on a letter of support that we sent to you on July 26, 2024, already expressing our admiration for your commitment and ideals. It is with deep respect and great admiration that we write to you today in the aftermath of the presidential election results. Although the outcome of this election does not reflect the hope we had for your victory, your campaign has been a source of inspiration and a powerful catalyst for hope for millions of people.

We wish to express our heartfelt gratitude for your unwavering dedication to the values you so courageously champion. Your program was a bold call for unity, justice, and shared prosperity. Among the key pillars of your vision, several resonate deeply with us:

1. **The fight against climate change:** Your determination to implement a green and sustainable economy by investing in renewable energy and creating millions of jobs in decarbonized sectors is an absolute priority for our collective future.
2. **The defense of civil rights and social justice:** You have been a strong voice for equal rights, criminal justice reform, and the fight against systemic discrimination. Your commitment inspires those who believe in a fairer society.
3. **Access to affordable healthcare for all:** Your dedication to strengthening and expanding the healthcare system to ensure every family receives necessary care is essential.
4. **Support for education:** By advocating for quality education accessible to all children and for the cancellation of certain student debts, you have touched the hearts of those who believe in equal opportunities.
5. **Promotion of women's rights:** You have been a tireless champion of reproductive rights and economic equality between genders, setting an example through your historic career.

Your campaign reaffirmed that politics can be a force for upliftment and hope. You have shown that, even in the most challenging moments, it is possible to stand tall against adversity and continue fighting for ideals that transcend divisions.

We want to assure you of our continued support in the pursuit of your political and social actions. Do not give up. We hold onto the hope of seeing you lead the White House one day, where your vision and leadership can profoundly transform the future of your country.

With all our gratitude and most sincere encouragement,

Catherine BOURRIER
